

Professional Login

Click on the 'Professional login' button on the EOD platform homepage.

Professional Registration

On the 'Welcome to the Professionals Login' page, click on 'New registration' for first-time users.

Registration Form

Fill in the registration form with your email, username, and password. Select your profession from the dropdown menu, agree to the Privacy Policy and Terms and Conditions, and click 'Submit'.

Professionals Registration Form

1. Input a valid e-mail address and create a username and password.

2. Select 'Developer' on the 'Profession' dropdown.

3. Read and accept the 'Privacy Policy' and 'Terms and Conditions' and Submit.

The form includes fields for Email, Username, Password, Confirm Password, and Profession (dropdown). It also has checkboxes for 'I understand and accept the Privacy Policy and Terms and Conditions' and a 'Submit' button.

Login

After registration, return to the 'Professionals Login' page and enter your credentials to log in.

Welcome to the Professionals Login

Input your created Email/Username and Password, then log in.

The login form includes fields for Email or Username and Password, a 'Show Password' toggle, and a 'Login' button. It also has links for 'Forgot Password?' and 'New registration'.

Developer Dashboard

Once logged in, you will be directed to the Developer Dashboard. Here you can view the general requirements of end-users, register new properties, manage queries, and more.

Developer Dashboard

Information evaluation page — Visualise the general requirements of end-users registered on the platform.

Register new property — Initiate a new property registration to be completed by the property manager.

Available Queries ? — Manage queries registered on the platform by end-users and assign tasks to professionals as appropriate.

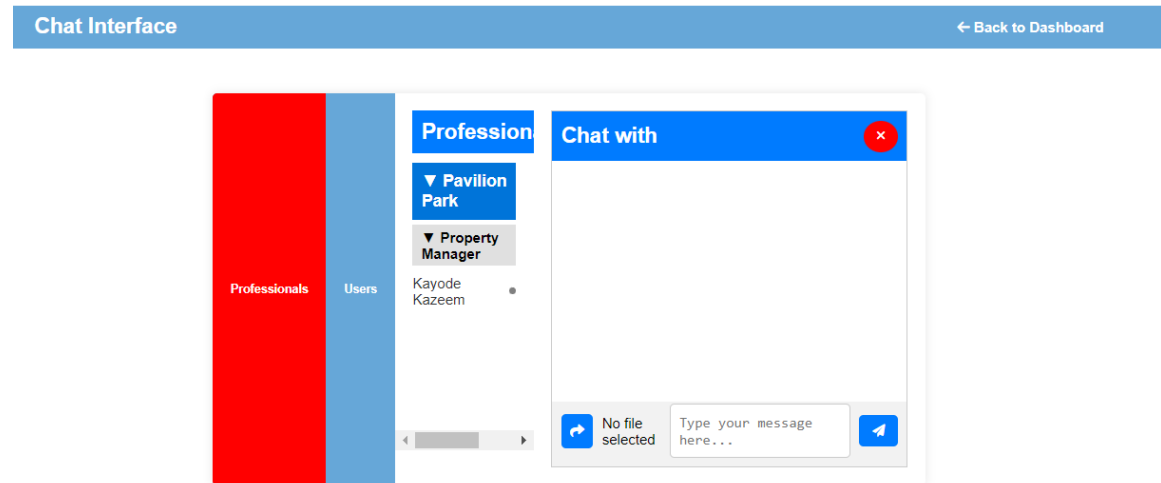

New Listing (Click for more details)

Navigation icons: Chat button, Notification, Profile menu, Setting.

A map showing a city layout is visible in the bottom left corner.

Chat Interface

Use the chat interface to communicate in real-time with end-users and other professionals.

Feedback Management

From the Developer Dashboard, you can check feedback on properties by clicking on 'New Listing' and then 'Check Feedback'.

Checking Feedback Details

After clicking on 'Check Feedback', you will be shown the feedback details for the selected property.

Feedback Tabs

Switch between the 'Specific Feedback' and 'Browse New Development feedback' tabs to view different types of feedback.
