

Registered End-User (Specific) Feedback Guide

Step 1

Visit the EOD platform homepage and click on the 'Specific Feedback' button.

Step 2

On the following page, choose the 'Registered User' option.

Step 3

Enter your username and password in the fields provided, then click the 'Login' button to access the feedback form.

Step three... Input the Username and Password and Login

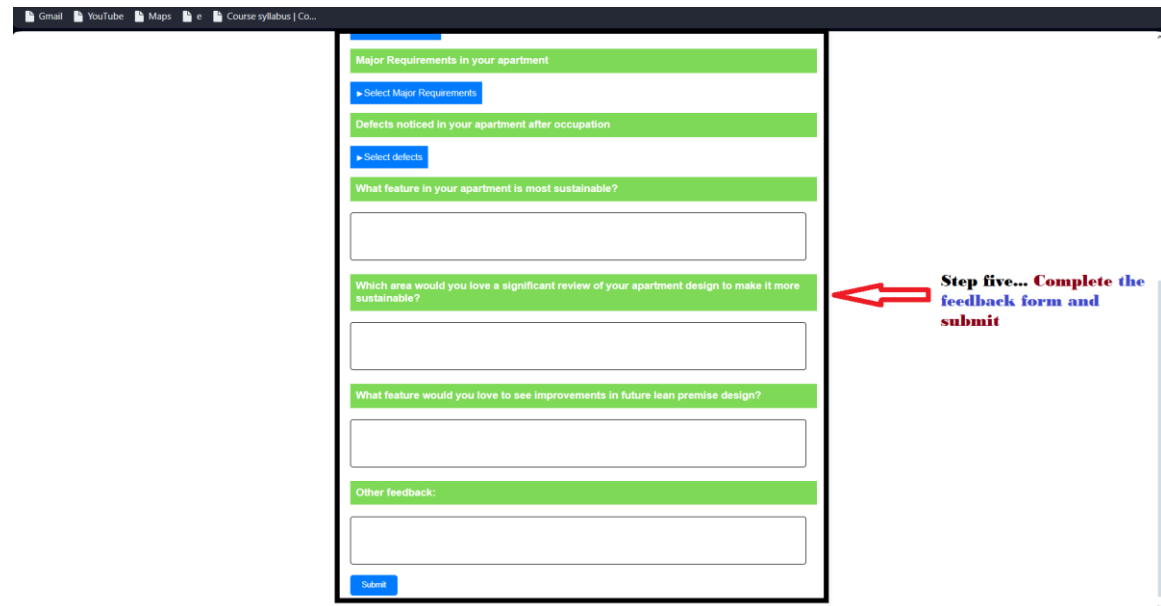

Step 4

Once logged in, select the building you want to provide feedback for from the dropdown menu.

Step four... Select a building to provide feedback on

Step 5

Fill in the specific feedback form with the necessary details about major requirements, defects, and other comments or suggestions, and then submit your feedback by clicking the 'Submit' button.

The screenshot shows a web browser window with a feedback form. The form is titled 'Major Requirements in your apartment' and includes several sections with green headers and blue buttons. The sections are: 'Major Requirements in your apartment' with a 'Select Major Requirements' button; 'Defects noticed in your apartment after occupation' with a 'Select defects' button; 'What feature in your apartment is most sustainable?' with a text input field; 'Which area would you love a significant review of your apartment design to make it more sustainable?' with a text input field; 'What feature would you love to see improvements in future lean premise design?' with a text input field; and 'Other feedback:' with a text input field. A blue 'Submit' button is at the bottom of the form. A red arrow points from the text 'Step five... Complete the feedback form and submit' to the 'Submit' button.

Major Requirements in your apartment

Select Major Requirements

Defects noticed in your apartment after occupation

Select defects

What feature in your apartment is most sustainable?

Which area would you love a significant review of your apartment design to make it more sustainable?

What feature would you love to see improvements in future lean premise design?

Other feedback:

Submit

Step five... Complete the feedback form and submit
