## Professional Login

Click on the 'Professional login' button on the EOD platform homepage.

Professional Login Access

Click on the 'Professional login' button from the homepage to proceed to the login screen for professionals.

Registration

For new users, click on 'New registration' and fill in the registration form with your email, username, password, and select your profession from the dropdown. Accept the Privacy Policy and Terms and Conditions and then click 'Submit'.

Professional Login

If already registered, input your Email/Username and Password on the login screen and then click 'Login' to access the developer dashboard.

Property Manager Dashboard

Once logged in, the property manager's dashboard shows various options including the 'Register new property' button, which allows for initiating the registration of a new property.

Register New Property

District:

KOWLOON

District Options:

Select District Options

Select District Options
To Kwan Wan

Register New Property

After selecting the district, choose the appropriate building image and provide details such as the building name, address, and street name. Once completed, click 'Submit' to register the property.

Property Selection

The property manager must select the 'District', 'District Options', and 'Property name' from the respective dropdown menus. Once the selections are made, clicking on the 'Submit' button will complete the registration process for a new property.

Information Evaluation

This page helps the property manager to evaluate various aspects of the property. These visual tools are essential for the property manager to assess and address the concerns and features of the property.
